DataBox Allround XL Trolley

15.4" - 17.0"

Notebook and printer in a robust case with detachable trolley system.

DataBox Allround XL Trolley is not only available in the proven sizes for Notebooks up to 15.4” and 17”, but also with a detachable trolley system for Notebooks up to 17”. The practical and especially robust aluprofile case with unfoldable printer compartment enables to work professionally when travelling and ensures a safe transport of Notebook and printer! Thanks to the special "Floor-to-Desk functionality - developed by DICOTA - printer and power supply unit are wired to and stay inside the case during usage. The notebook can be operated freely on the table. Additionally, the DataBox Allround is lockable and two keys are included in the scope of supply. Data is transferred via a common printer cable or via Bluetooth. The 220V power socket on the case outside handles the power supply for the printer and recharges he batteries. The detachable trolley system makes for especially comfortable transport of your mobile office. In case you should not be needing the trolley system, it can be detached with a simple flip of the wrist. DataBox Allround XL Trolley fits all common Notebooks up to a size of 17" and following mobile printers: HP DJ 450, HP DJ 460, HP Officejet H470, Canon series i80/iP90 und iP100 with or without support of the Canon Portable Kit. Further printers on demand!

Optional equipment (not included in scope of supply):
Printers are mounted perfectly on the "QuickFix” clamps from DICOTA. Furthermore, a detachable exterior document pocket made of koskin as well as a removable inside pocket made of neoprene from our PerfectSkin series for perfect protection of the Notebook outside DataBox Allround XL Trolley and a shoulder-strap are available.
